ABOUT ME 👤

As an upcoming graduate of the University of Melbourne, I am searching for work in technology. These areas include product (UX/UI) design, software development or digital design. Having already gained experience in graphic design, frontend software development and architectural design, I have a broad skillset perspective and continue to learn daily.

WORK EXPERIENCE 💼

EMERSON VISUALS | FREELANCE DESIGNER & DEVELOPER

Melbourne | 2017 - Present

- I create UX/UI and Graphic Design solutions for small businesses. I also program responsive websites and web apps for small clients.
- Some of the organisations I have worked with but are not limited to include the Melbourne International Comedy Festival, the University of Melbourne and the Melbourne Theatre Company.

MCILDOWIE ARCHITECTS | ARCHITECTURE INTERNSHIP

Flinders Lane | 2019 - March 2020

- Being part of a team of architects to generate a masterplan for a school in Sydney
- Measuring, 3D modelling and developing various floorplans for a potential house renovation in Dromana.
- Communicating back to associates for each project at the firm as well as answering calls from engineers / quantity surveyors.

EVENTS PHOTOGRAPHER | POLAR BLUE PHOTOGRAPHY

Melbourne | 2019 - Present

- Capturing photos for professional career events such as corporate cocktail nights and university events such as balls.
- Includes developing and editing the photos prior to finishing the event. This includes fixing colour issues and adding a watermark

HOSPITALITY WORKER | VARIOUS CAFES & RESTAURAUNTS

Melbourne | 2018 - 2021

- Serving drinks and food to customers. This includes ensuring all items are present for the visitor and are cleaned afterwards.
- Cooking / making drinks was involved. Communication also made to managers to ensure all safety procedures were followed.
